**Give your wedding that international flavour
with the world famous London taxi but in pure white
for its rarity at a realistic cost.**

The bride, having spent a great deal of time and effort on the morning of her wedding, should not be required to squeeze into the rear of a saloon type vehicle.

The large fully opening doors, of the taxi, and its roomy passenger compartment enhance the photographers scope to record the bride sitting and exiting the vehicle with style and elegance, in a crease free wedding dress.
